

Visa Information

If you're planning to get married to an Australian woman, it's time to consider applying for a K-1 visa. The process of getting this visa to bring your future wife to your country might take some time. When your future wife arrives, you're expected to get married within 90 days.

For non-American guys, it's important to know that visa types might vary depending on where you live. But in general, there'll be a type of visa that is functionally similar to a K-1 visa. In some countries, it might be called a fiancé visa.
