

Visa Information

Off to meet your Polish lady, huh? Here's your quick guide to visa stuff.

- For US citizens: No visa is needed for Western men! You can visit Poland visa-free for 90 days. Just make sure your passport's valid for at least three months beyond when you plan to meet your future Polish wife.
- For non-US citizens: Citizens of Schengen countries? No visa is required. Non-Schengen? Check your local Polish embassy or consulate. Planning a long stay or a Polish wedding? You'll need to sort out a long-stay or marriage visa. That's for later, though. For now, just pack your bags and go get your Polish bride!
